### **DETAILED ACTION**

1. Claims 1-6 are allowed.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the following limitation: "said user portion comprising: a data file having a plurality of user-selectable fields, each field for describing a personal characteristic of said user; and means for automatically transmitting said data file upon initially accessing said web page; means for analyzing said plurality of user-selectable fields of said data file with respect to said plurality of discrete sections; and means for selecting one of said mutually exclusive subsections for each section in response to said analysis; whereby said web page presents a plurality of sections that are specifically tailored for each user, each of which is related to one or more of said personal characteristics" as recited in independent claim 1.

As per claim 2, the prior art of record fails to teach "means for analyzing said information user profile with respect to N discrete data streams; and for each of said N discrete data streams, means for selecting one data stream that are specifically tailored for each user from among a plurality of mutually exclusive data streams located within each of the N discrete data streams and outputting said selected data stream, said selection being in response to said analysis of the received information user profile."

The remaining claims, 3-6, comprise dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

The examiner agrees with the applicants' remarks, Amendment F received on March 31, 2004, page 6 lines 13-23, page 7 lines 3-26, page 8 lines 24-31, page 9 lines 3-25, and page 10 lines 3-17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### **EXAMINER'S AMENDMENT**

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Donch on June 24, 2004.

**ABSTRACT**

An Internet interface is disclosed for tailoring of a web page to an individual user without requiring a user to disclose information that specifically identifies the user. The interface includes a user portion and a web page portion. The user portion includes a data file having information related to the user and means for automatically transmitting the data file upon initially accessing the web page. The web page portion includes data organized into sections and subsections. The web page also includes means for receiving the data file and means for analyzing and presenting the data based on information within the data file.
